

WELDING, MANUFACTURING TECHNOLOGIES, AAS

Program Code: Welding-AAS

Program Description

The Associate of Applied Science, Manufacturing Technologies, Welding gives the student the training necessary to earn the American Welding Society structural steel certifications, which are required for employment in most areas of the construction and manufacturing fields involving welding, along with the general education requirements and employability skills that are sought after by all employers in the construction and manufacturing trades.

Welding Technology Career Map (<https://sites.tmcc.edu/flipbook/career-maps/>)

Recommended Course Schedule

1st semester			Units
Communications/English ³			3
Elective ³			3
MTT 120	Technical Print Reading		3
OSH 222	General Industry Safety		1
WELD 211	Welding I		3
WELD 212	Welding I Practice		2
Semester Total			15
2nd semester			Units
Communications/English ³			3
Elective ³			6
MPT 140	Quality Control		3
WELD 221	Welding II		3
WELD 222	Welding II Practice		2
Semester Total			17
3rd semester			Units
Humanities/Diversity ³			3
IS 101	Introduction to Information Systems		3
U.S. and Nevada Constitutions ²			3
WELD 231	Welding III		3
WELD 232	Welding III Practice		2
Semester Total			14
4th semester			Units
Elective ³			6
Science ³			3
WELD 241	Welding IV		3
WELD 242	Welding IV Practice		2
Semester Total			14
Total Units			60

² See approved General Education list for the AAS Degree. (<https://catalog.tmcc.edu/degrees-certificates/general-education/aas/>)

³ See program recommendations or requirements.

Program Requirements

AAS degrees are generally non-transfer degrees designed for students to enter the workforce.

To earn an AAS degree, students must:

1. Maintain a minimum cumulative GPA of 2.0 (see requirements for graduation.)
2. Complete a minimum of 15 units within the college.
3. Satisfy General Education requirements for the AAS (<https://catalog.tmcc.edu/degrees-certificates/general-education/aas/>).
4. Have no financial or library obligation to the college.

Code	Title	Units
General Education Requirements		
<i>Diversity¹</i>		[3]
Recommended:		
AAD 201	History of the Built Environment	
<i>Communications/English</i>		6
Recommended:		
ENG 101	Composition I	
or ENG 100	Composition Enhanced	
or ENG 113	Composition I for International and Multilingual Students	
ENG 107	Technical Communications I	
<i>Fine Arts/Humanities/Social Science</i>		3
Recommended:		
AAD 201	History of the Built Environment	
<i>Human Relations¹</i>		[3]
Requirement is satisfied through embedded curriculum in the following courses:		
MPT 140	Quality Control	
OSH 222	General Industry Safety	
WELD 211	Welding I	
WELD 212	Welding I Practice	
WELD 221	Welding II	
WELD 222	Welding II Practice	
<i>Mathematics¹</i>		[3]
Requirement is satisfied through embedded curriculum in the following courses:		
MTT 120	Technical Print Reading	
MPT 140	Quality Control	
WELD 211	Welding I	
WELD 212	Welding I Practice	
WELD 221	Welding II	
WELD 222	Welding II Practice	
<i>Science</i>		3
Recommended:		
MTT 150	Metallurgy I	
<i>U.S. and Nevada Constitutions</i>		3
Degree Requirements		
MTT 120	Technical Print Reading	3
MPT 140	Quality Control	3

OSH 222	General Industry Safety	1
Emphasis Requirements		
IS 101	Introduction to Information Systems	3
WELD 211	Welding I	3
WELD 212	Welding I Practice	2
WELD 221	Welding II	3
WELD 222	Welding II Practice	2
WELD 231	Welding III	3
WELD 232	Welding III Practice	2
WELD 241	Welding IV	3
WELD 242	Welding IV Practice	2
Elective Requirements		
Select 15 units from the following:		15
ELM 110	Electrical/Electronic Circuits	
MTT 101	Introduction to Machine Shop	
MTT 105	Machine Shop I	
MTT 150	Metallurgy I	
WELD 101	Basic Metals	
WELD 215	Introduction to Welding Fabrication Techniques	
WELD 225	Independent Study	
WELD 250	Welding Certification Preparation	
WELD 290	Internship in Welding	
Total Units		60

¹ Course may also count toward degree requirements. Please consult with Academic Advisement.

Program Outcomes

Students completing the degree will:

PSLO1: Be proficient in four major welding processes and prepared for industry-standard certification.

PSLO2: Identify and explain technical drawings and apply print reading techniques required in the welding industry.

PSLO3: Consistently demonstrate safe and proper use of welding equipment, power tools, and accessories in the performance of welding and joinery.
